ABSTRACT

The writer was interested in choosing to analyze the characteristics of Hermione on Harry Potter and The Philosopher's Stone, because the writer felt that it is very challenging in understanding the character of Hermione that actually she is one of Harry Potter's best friends. Harry Potter and The Philosopher's Stone tells a story about the magic that all the people in the world must be know about it, because the film is also played on the theatre. It tells about three best friends in Hogwarts, the premiere magic school in England. We will read a lot of adventure inside the novel. This is the book that all the ages must like, because the story was very full with adventure that almost real in our imagination.
